Hi Ron,

I don't think she wants to focus specifically on CA on this call. However, in the discussion of what is not covered by Peter's memo, I think some issues that are pertinent to the CA situation will come up – e.g., can an exempted aquifer be unexempted; what steps are different regions and states taking to clarify/document which aquifers were approved historically?

I'll be on the call.

David

Hi David,

Do you think Jane wants to discuss the CA aquifer exemption issue on today's WDD hot issues call?

Thanks
